Program Guide [English].pdf 1.4MB

Ask a question about the PDF:

how do i become an AWS educator

**Answer:** According to the provided context, to become an AWS Academy approved educator, you must:

1. Be nominated by an AWS Academy member institution Program Administrator (formerly Central Point of Contact (CPOC)).
2. Successfully complete the required "Getting Started with AWS Academy" course.

Once you complete these steps, AWS Academy will review your nomination and confirm your approval as an AWS Academy approved educator in writing to both you and the AWS Academy Program Administrator at the sponsoring member institution.

Note that you must also meet the program requirements, which include having a contractual relationship with the AWS Academy member institution and acknowledging the Program Guide in the AWS Academy Portal within 14 days of nomination acceptance.
